**3M™ Double Coated Urethane Foam Tape 4016**

Firm acrylic, pressure sensitive adhesive system. It features high ultimate bond strength, very good high temperature and solvent resistance and very high shear holding power. Bond strength increases substantially with natural aging. These urethane foams are soft, conformable and have high shear strength which makes them ideal for general purpose lightweight mounting and joining. 4016 short term temperature resistance: 380°F (193°C), long term temperature resistance: 220°F (104°C).
