**3M™ Specialty High Temperature Masking Tape 501+**

Designed for super sharp paint lines and critical paint masking applications. Temperature use range up to 300°F (149°C) for 30 minutes. 3M proprietary high-temperature adhesive quickly sticks with confidence to most surfaces (including metal, rubber, glass and plastic) while removing cleanly in one piece. Extra-strong tan crepe paper backing conforms to irregular surfaces and resists bleed through from most industrial paint systems. Natural rubber adhesive and paper backing is easy to hand tear but is resistant to slivering on removal.
