SDS+ 5/8"X10" GROUND ROD DRIVER

★★★★★ (0) Write a review

Milwaukee® chisels are made from high grade, forged steel, providing up to 20% longer life. The SDS-Plus 5/8" x 10" Ground Rod Driver is an ideal solution for driving common ground rods for electrical circuits into soft soil. Designed to drive 1/2" and 5/8" diameter temporary and permanent ground rods, the SDS-Plus Ground Rod Driver is a great tool for residential and commercial grounding applications. The SDS-Plus shank allows the Ground Rod Driver to be used in SDS-Plus tools, providing an alternative to manual ground rod driving methods. The SDS-Plus Ground Rod Driver is designed to work in hammer only mode.

INCLUDES:

(1) SDS+ 5/8"X10" GROUND ROD DRIVER (48-62-6031) (/Products-Repository/North-America/Hand-Tools/Screwdrivers/48-62-6031)
