

#246 Citrus H₂O₂

Discover the benefits of MICRO-BUBBLES...

Environmentally Friendly • Enhanced Cleaning & Brightening • Odor Elimination
Inhibits Corrosion of Metal Parts • Reduced re-deposition of soils

Product Description:

This product is **Super Concentrated** with the power of **Citrus and Hydrogen Peroxide!** This multi-purpose cleaner/degreaser can handle all your tough cleaning jobs. Citrus H₂O₂ is a unique blend of natural citrus oils to break down grease and grime. When Citrus H₂O₂ comes in contact with soil, the hydrogen peroxide adds oxygen micro-bubbles to lift stains, oxidize soils and destroy odors. It's safe to use, provides color safe bleaching, is readily biodegradable and environmentally preferable!

Where to Use:

| | | | | | |
|-------------|---------|--------------|------------|-----------------|------------------|
| tile | grout | showers | bathrooms | odor destroyer | glass |
| carpet care | mopping | spray & wipe | degreasing | stainless steel | laundry pre-spot |

Directions for Use:

READ ENTIRE PRODUCT LABEL PRIOR TO USE

This product is extremely versatile. It can be used at multiple dilutions to tackle any cleaning job. Dilute concentrate with water from ½ oz. to 12 oz. Please see container label for various recommended dilutions.

Packaging & Other Information:

4/1 gallon case • 4/2 liter case • 5 gallon pail

Orange liquid – natural orange scent

Arrow Fact: Hydrogen Peroxide, because of its chemical nature, will decompose into oxygen and water. The action of oxygen micro-bubbles is particularly effective at lifting and removing difficult soils and odors from a variety of fabrics and hard surfaces.
