Did you know...?

Bondhus' extremely precise manufacturing methods create Ball End tools that work very well, even in sizes as small as .050", 1.27mm, and T6 (BallStar™ Tip).

NEW! from Bondhus

Durable color-coded finish for superior protection and easily identifiable tools

Color-coded Protective Finish

p. 5

Expanded line of Multi Packs

Even more bundling options to help get the right tools at the right price.

p. 6-7

Tamper Resistant L-Wrenches

Tools to fit all Hex, Star, and TORX® brand tamper resistant screws.

p. 16

Long length 9 piece metric set in BriteGuard™ finish.

16999

p. 17

T-Handle Inch/Metric Combo Sets

New T-Handle sets feature the most commonly used Inch and Metric sizes. Available in both Ball and Hex End.

p. 31 & 33

Torque Limiting Device (TLD)

Factory preset torque limits and interchangeable blades make ClickSet™ TLD the economical solution to an expensive problem.

p. 44-45

ProHold® Hex End Power Bits

New ProHold® tipped hex bits hold fasteners securely to the tool head.

p. 51

Hex End Power Bits

An expanded range of power bits.

p. 51

Lifetime Warranty

Bondhus manufactures the highest quality Hex and Star tools available, and every tool is backed by an unconditional lifetime warranty.

“All Bondhus products are guaranteed for life. If you are not satisfied with a Bondhus tool - for any reason - simply return it. A replacement will be shipped right out at no cost - no hassles, no questions asked.”

A warranty is only as good as the company standing behind it. Bondhus has been the leading innovator in the Hex and Star tool industry for over forty years.

*TORX® is a registered trademark of Acument Intellectual Properties, LLC

Bondhus Professional Quality Tools Provide Superior Value

Time is money, and the real cost of using an inferior tool is realized when something goes wrong. As anyone who works with mechanical devices knows, bad things occasionally happen. It is not a question of “if”, but rather “when”.

Stripped screw heads are one of those bad things that happen. A screw with a stripped head can no longer be removed with a hex tool. If it is in a difficult to reach location, where a clamping device cannot grip it, the task becomes particularly problematic.

The cost of a high quality hex tool is negligible compared to the cost of removing a broken or stripped screw. Will the removal take a few hours? An entire day? What is the real cost of an inexpensive, poorly performing hex tool?

Bondhus quality hex tools are made from Protanium® high torque steel and have sharper corners to generate maximum holding and turning forces within the screw to virtually eliminate stripped screw heads.

Professional hex tools deliver a level of performance not attainable by consumer grade tools. In addition, safety is a factor that can impact the “actual” cost of ownership. As a result, knowledgeable buyers and professionals alike recognize the serious dangers of inferior tools that shatter instead of breaking clean.

The purpose of a high quality tool is to provide a faster, easier, and less costly means of performing a task. Bondhus strives to provide not just “good” tools, but the strongest tools available anywhere. Customer satisfaction is what we strive for.
