

**HydroForce® Glass Cleaner
Professional Strength**

I. Product Description

HydroForce® Glass Cleaner Professional Strength uses an exclusive maximum strength formula that unites the power of HydroForce with the efficiency of a streak-free glass cleaner. Using a residue-free formula, **HydroForce® Glass Cleaner Professional Strength** is versatile and safe enough to use on your most delicate glass and plastic surfaces. Yet **HydroForce® Glass Cleaner Professional Strength** is strong enough to quickly cut through the toughest dirt, dust, fingerprint and haze deposits. Additionally, its professional strength, ammonia-fortified formula even contains a foaming agent that allows for greater coverage and less run-off when cleaning vertical surfaces.

HydroForce® Glass Cleaner Professional Strength is biodegradable, ready to use, foaming, non-abrasive, non-flammable, industrial strength & non-ozone depleting.

II. Applications

HydroForce® Glass Cleaner Professional Strength is perfect for Glass, Fiberglass, Mirrors, Stainless Steel, Polished Metals, Plastic, Chrome & Linoleum.

III. Features & Benefits

- **Professional Strength.** Formulated for heavy duty, industrial applications.
- **Plastic Safe.** Allows one product to be used in all applications without risk of costly damage to most sensitive modern plastics.
- **Foaming.** Clings to vertical surfaces & minimizes run-off.
- **Ready-To-Use.** No preparation down-time required.
- **Readily Biodegradable.** Will rapidly break-down to a natural state in the environment.
- **Non-Abrasive.** Will not scratch or score equipment finish.
- **Non-Flammable.** Aqueous formulation reduces risk of fire (see MSDS for details).
- **Low VOC Content.** Reduces contributions to ground smog by volatile organic compounds.
- **No Class I or II Ozone Depleting Chemicals.** Offers exceptional cleaning alternative to chlorinated products while complying with EPA regulations on the use of CFCs.

IV. Physical Properties

Flash Point	None		Boiling Point	212°F (initial)	
Odor	Slight Ammonia		Freezing Point	30°F	
Appearance	Clear liquid		Solubility	Soluble in H ₂ O	
Vapor Density	Not Determined		% Solids	0.1%	
VOC Content (Fed)	Aerosol 115 g/L	Bulk 59 g/L	VOC %	Aerosol 11.79%	Bulk 6%
Sara Title III, Sect. 313 Chemicals	Yes		Specific Gravity	0.9891	
Prop 65	No		pH	9.7	

V. Directions

- Product is ready to use. No shaking or dilution is necessary.
- Apply **HydroForce® Glass Cleaner Professional Strength** to surface to be cleaned.
- Wipe clean with a lint-free cloth, sponge or paper towel.
- For very dirty glass surfaces, allow HydroForce to penetrate the soil for 30 to 60 seconds.
- FOR HEAVY DUTY DEGREASING AND HEAVILY SOILED NON-GLASS ITEMS: CRC recommends the use of HydroForce® Industrial Strength Cleaner/Degreaser or HydroForce® All Purpose Cleaner/Degreaser.
- FOR EVERYDAY CLEANING: CRC recommends the use of HydroForce® Butyl-Free All Purpose Cleaner.

VI. Package Description

Part Number	Container Size
14412	20 oz Aerosol
14411	30 oz Spray Bottle
14413	1 Gallon Bottle
14427	55 Gallon Drum

VII. Disposal

Disposal requirements vary by state and local jurisdiction. All used and unused product should be disposed of in conformance with local, state and federal regulations. DO NOT dump in sewers, floor drains, on the ground or into any body of water.

VIII. Special Use Warnings

General

Use only in well ventilated area. Ventilation may be improved by opening a window or door or providing mechanical assistance. Avoid continuous breathing of vapor and spray mist. Avoid contact with skin and eyes. If ventilation is not adequate, respiratory protection should be worn. For more information regarding short-term and long-term exposure, review the Material Safety Data Sheet for this product.
