Item Number - Color

- 12441 - Orange
- 12439 - Hi-Vis Lime
- 12438 - Gray
- 12420 - Blue
- 12442 - Pink

Order in Multiples of: 1

The Chill-Its 6602® Evaporative Cooling Towel uses a super evaporative PVA material to absorb water to then allow it to evaporate slowly for instant, long-lasting cooling relief. This super-evaporative PVA material is designed to create a feeling colder than ambient air temperature and absorb and hold more water than other cooling towels on the market for a longer-lasting cooling. This neck cooling wrap can be used for hours or for quick relief and is completely reusable, just re-wet to activate.

HOW TO ACTIVATE

Run the PVA cooling towel under water for one minute or until saturated, wring out excess water and twirl or snap in the air for no-drip cooling. Drape the towel around neck or head for instant cooling relief. Material will dry stiff, simply rewet until soft to activate, and it's ready to go again. Before storing, examine product for dirt and debris. If soiled, machine wash then store in plastic tubing container for safe keeping.

This evaporative towel is the perfect cooling headwear for anyone working in the heat and exposed to possible heat-related illnesses like heat cramps, heat strokes, or heat exhaustion are possible. Great for workers in construction, carpentry, mining, landscaping, OR for outdoor activities like camping, yoga, baseball, softball, soccer, running, biking, days at the beach or on a boat, golf, yard work, fishing, gardening, hiking, riding motorcycles and more.

Features

- INSTANT COOLING RELIEF – Run under water for one minute or until saturated, wring out excess water for drip

Application

- Construction
- Freight/Baggage

- free cooling
- LONG LASTING – Can last for up to 4 hours on a single soak. Simply re-wet to increase cooling duration
- HOW DOES IT WORK? – Cooling PVA material absorbs water and creates a cooling sensation as it evaporates
- REUSABLE & MACHINE WASHABLE – Air dry until material is stiff, re-wet until soft. Machine washable with mild detergent, air dry only
- HEAT STRESS PREVENTION – Reduces the effects of heat exhaustion and fights fatigue while working or playing in the heat. Can also be used to help bring down fevers, hot flashes or night sweats
- SIZING – 13in x 29.5in / 33cm x 75cm
- Drilling/Mining
- Iron/Steel Work
- Agriculture
- Solar
- Landscaping/Grounds
