

NEVER LET SAFETY OUT OF YOUR SIGHT.

If you don't supply employees with compliant visibility gear that meets the most current standards, maybe you're the one who's certifiable. The fact is, the new federal rules are here, and you scofflaws better beware — or you could be in for some government-induced sticker shock. Play it smart by side-stepping costly penalties while you up the safety ante. With GloWear,[®] protection and job-specific performance come standard — and innovation and style are always in the mix.
