The Nightstick Difference

Nightstick - Life Depends on Light™

Nightstick, designed and manufactured by Bayco Products, Inc., is a global brand of professional lighting products including flashlights, headlamps and Intrinsically Safe lighting solutions that exceed the industry standards in performance, quality, user-safety and value. Since 1984, Bayco Products, Inc. has been the preferred choice of professionals and discriminating consumers. The Nightstick and Bayco brands are recognized world-wide as high-performance, high-quality, high-value lighting solutions across virtually every industry. Headquartered in North Texas, Bayco Products' 110,000 square foot facility is the international headquarters for R&D, engineering, marketing, sales and distribution. Bayco Products has dedicated ISO 9001 Certified factories both in the US and abroad. www.mynightstick.com

Nightstick – Performance, Quality, and Value

Real-world Product Performance: Nightstick products are built not only with lumen ratings that exceed most competitor products, but also with optimized performance characteristics such as candela, beam distance and run-times. The design must take into consideration all of these factors to impact a light's efficiency and performance. The Nightstick product line uses CREE® LEDs, the #1 LED manufacturer in the world. Nightstick products are also designed and manufactured using the best quality housing materials, precision engineered reflectors, reliable real-world switch functionality, state-of-the-art electronics and latest generation battery technology. Innovations such as Nightstick's exclusive Dual-Light™ design, combining a flashlight and a floodlight into a single light the ability to turn both on simultaneously for added versatility and safety, is altering the idea of what a flashlight is. Further evidence of this innovative thinking is shown by our complete line of Intrinsically Safe lights that have the highest safety ratings in the world.

Unwavering Commitment to Quality: All products produced in Bayco Products' dedicated ISO 9001 Certified Factories undergo rigorous quality control inspections conducted by independent 3rd party inspectors at multiple points during the manufacturing process. Additional quality control inspections take place as products arrive and leave Bayco Products' distribution facility. Quality is also demonstrated in the customer service experience...with a target of nothing less than 100% customer satisfaction. Our quality is also backed by a Limited Lifetime Warranty.

Exceptional Value: Quite simply, the Nightstick product line is designed and manufactured to outperform and be of a higher quality standard than any other product in its class. Even with the highest quality standards, Nightstick products cost less as compared to competitor offerings. We remain committed to delivering the industry's best performing, highest-quality products at the lowest cost possible.
