

HEAVY DUTY (5 PLY)

Superior strength and durability are at heart of Gilmour heavy-duty hose. With its 5-ply, vinyl reinforcement and its high burst strength of 475 PSI, this hose is built to last. The Flexogen™ Advantage construction delivers flexibility and kink resistance. The protective collar helps resist kinks at faucet, while the crush-resistant Full-Flo machined metal couplings provide a durable and tight seal. Gilmour heavy-duty hose features an EZ-On coupler for easy faucet connection. The hose has a polished surface treatment for superior resistance to dirt-collecting abrasions.
