Lifespan: 200,000+ hrs.[1]

Alpha Series LED
PROFESSIONAL GRADE

Patent Pending

Construction:
Designed for commercial and industrial applications, providing cooler operating temperatures, brighter light and longer LED life. Apertures for field or factory installed photocontrol. Hinged at bottom to prevent leakage.

Installation:
Labor saving features including bubble level and removable hinged face frame.

Zero Glare:
The fixture design directs more light down and forward without wasting lumens and offensive light.

Thermal Management:
Atlas SlimPak Pro fixtures are designed as a complete system to optimize LED life and light output. The Patent Pending thermal stacking heat removal technology extracts heat from within the housing moving it away from LEDs and components. The lower temperatures result in long LED life (200,000+ hrs) and component life and also allows for higher light output.
