

3/8" DRIVE TORQUE ADAPTERS

- Designed for easy torque calculations.
- Adapters measure 2" from the center of the square drive to the center of the adapter opening.
- 12 point box end allows for fine indexing, helping to improve speed and access.
- Fits 4, 6 and 12 point fasteners.
- Special heat-treated alloy steel helps to increase strength and durability.
- Box end wall thickness is specially engineered to provide strength while still allowing ample room for access to reach difficult fasteners.
