

MACHINISTS' LEVELS

134 CROSS TEST LEVEL AND PLUMB

2 X 3"/50 X 75MM

This is an especially useful little level, invaluable for plumbing, approximate squaring and leveling work. Made from brass with nickel finish, all working surfaces are flat and true. The level has two vials at right angles for cross test leveling without moving the tool and a plumb level at the top for checking squareness. An accurate, well-made and reliable tool, it is also very light and compact and can be easily carried in the pocket.
