Write a review

The M12™ M-SPECTOR FLEX™ 3' Inspection Camera Cable Kit is the only contractor inspection camera that gives users the ability to see more, easier, faster. Leveraging state-of-the-art LED technology, users get 15X greater LED brightness for seeing further and clearer in large, dark spaces. The 12.5mm (.49") diameter and shortened camera head length gives users easier and greater access to tight spaces than 17mm cameras. A 3.5" wireless LCD display console allows users to comfortably view images in any position. Capture best-in-class images or video on an SD card for easy documentation of warranty claims or service work for customers. The M12™ M-SPECTOR FLEX™ 3'Ft Inspection Camera Cable Kit is perfect for remodel inspections, facility maintenance, machinery and production lines, automotive and residential or commercial trades where documenting inspections is essential.
