

Milwaukee Circular Saw — 10 1/4in., Model# 6470-21

Product Summary

The Milwaukee 10 1/4in. circular saw is built with the power and capacity to handle the most extreme cutting applications. The powerful motor delivers maximum power for high-performance cutting without bogging down under load. The heavy-duty features you get with the 6470-21 make it the most popular 10 1/4in. circular saw in the industry.

What's Included

(1) Circular saw, Model# 6470-21 (1) 10 1/4in. blade (1) Rip fence Wrench (1) Steel case
