

# R766 / R766X

## FILE AND NARROW BELTS

### FEATURES & BENEFITS

- Premium abrasive and aluminum oxide blend, good-performing, economically priced, general purpose belt
- Improved resin bond system and heavy duty backing improve edge retention with 30% + longer life vs. key competitors
- Available in stock and made to your specific requirements
- **R766** – Aluminum oxide and durable Y-wt. waterproof polyester backing ensure extended life on dry grinding and light- to moderately-demanding applications
- **R766X** – Aluminum oxide and flexible X-wt. polyester. Backing fulfill most roughing to blend application requirements
