

The ProLight™ Dock Light features a high powered 20 watt LED head, delivering 1,700 lumens and a 15° beam angle. It also features a durable 40" steel arm to provide superior rigidity and prevent sagging. Arms are hinged for easy extension and compact folding when not in use. With a 60ft lighting range, this dock light will be sure to light up even the longest trailer for efficient loading and unloading.

### 40" Dock Light

- LED Lighting
- Durable and Versatile
- 60 ft Beam
- No hot surfaces
- IP65 Rated
- Pure white light
