PROTO® 3/8" DRIVE 58 PIECE SOCKET, COMBINATION SET - 12 POINT

ITEM #:J52142

Features and benefits

- Proto® 12 Point Sockets are ideal for use on stubborn or damaged fasteners, and also on fasteners made from soft materials.
- The TorquePlus™ design is a high performance drive configuration which allows for quick and easy socket engagement to the fastener flats, not the corners.
- The TorquePlus™ configuration employs a radius-corner design, shifting contact area and stress away from the fastener corners and distributing contact stresses over a large area of the socket, minimizing slippage.
- The TorquePlus™ internal design minimizes fastener rounding, helps to extend fastener life, and allows the user to more easily turn worn, rounded, or rusted fasteners.

Specifications

DRIVE SIZE [IN]	3/8
POINT SIZE	12
FINISH	Full Polish
LENGTH TYPE	Mixed
UNIT OF MEASURE	Fractional
WEIGHT [LBS]	12.10
PIECE COUNT	58
