## Air Powered Drills - 3/8" Chuck

Brand	Features	Style	Free Speed RPM	Average Air Consumption	Air Inlet Size	Spindle Thread	Exhaust Type	Order No.	Price
<b>Air Supreme</b>	Lightweight for ease of operation, muffled exhaust for quiet operation, precision key type chuck	Non-Reversible	2200	17 CFM	1/4 NPT	3/8-24	Handle	<b>PJ707500</b>	Price
	Precision key type chuck, muffled exhaust for quiet operation	Reversible	1800	17 CFM	1/4 NPT	3/8-24	Handle	<b>PJ707525</b>	Price
<b>Chicago Pneumatic</b>	Variable speed type motor, teasing throttle, industrial quality chuck	Right Angle, Reversible	1800	5.25 CFM	1/4 NPT	3/8-24	Handle	<b>PF50CP879</b>	Price
	General maintenance with power, speed and productivity, good for vertical drilling and to reach confined areas, built in regulator for efficient control	Straight	2800	6.75 CFM	1/4 NPT	3/8-24	-	<b>PF50CP887</b>	Price
	Lightweight easy to use, triple idler planetary gears, double ball bearing supported spindle, teasing throttle	Pistol Grip, Non-Reversible	2900	5.25 CFM	1/4 NPT	3/8-24	Handle	<b>PF50CP9285</b>	Price
	General maintenance with power, speed and productivity, good for vertical drilling and screw driving, powerful motor, industrial quality Jacobs chuck, ergonomic grip, handle exhaust	Pistol Grip, Reversible	2000	6 CFM	1/4 NPT	3/8-24	Handle	<b>PF50CP9790</b>	Price
<b>FLORIDA PNEUMATIC</b>	High speed, compact design for close quarter work, direct drive can't be damaged by overloading, lightweight nylon design	Non-Reversible	20000	4 CFM	1/4 NPT	3/8-24	Front	<b>PF52FP3050</b>	Price
	High speed, straight handle design for hand-to-reach areas, direct drive can't be damaged by overloading	Straight, Non-Reversible	20000	4 CFM	1/4 NPT	3/8-24	Front	<b>PF52FP3501</b>	Price
<b>JET</b>	Ball and needle bearing construction, Variable speed trigger control, Jacob's chuck	Reversible	1800	4 CFM	1/4 NPT	3/8-24	Handle	<b>PJ80JSM7572</b>	Price
	Ball bearing and needle bearing construction, muffled handle exhaust, variable speed trigger, Jacobs chucks, reversing valve	Pistol Grip	1800	4 CFM	1/4 NPT	3/8-24	Muffled Handle	<b>PJ80JSM705</b>	Price
<b>J</b>	Trigger mounted reverse for easy operation, triple planetary gears for durability, through handle exhaust Jacobs® industrial chuck, Through handle exhaust with built-in silencing system, Ergonomically designed handle with "Softouch" coating. Best for continuous drilling in high volume applications	Reversible	1800	3.5 CFM	1/4 NPT	3/8-24	Handle	<b>PF52UT8833R</b>	Price
	Jacobs® industrial chuck, Through handle exhaust with built-in silencing system, Ergonomically designed handle with "Softouch" coating. Best for continuous drilling in high volume applications	Non-Reversing	2,600	4.6 CFM	1/4 NPT	3/8-24	Handle	<b>PF52UT8895</b>	Price
	Jacobs® industrial chuck, Through handle exhaust with built-in silencing system, Ergonomically designed handle with "Softouch" coating. Best for continuous drilling in high volume applications	Reversing	1,800	4.6 CFM	1/4 NPT	3/8-24	Handle	<b>PF52UT8895R</b>	Price
