

Industrial & Safety Shovels

Injection-molded scoop shovels are ideal for safe material handling in environments that require non-metallic tools due to the existence of sensitive substances. These tools are cost-effective, durable, and lightweight for moving demanding loads.

Features

- Injection molded construction
- Lightweight
- Chemical and corrosion resistant
- Non-sparking
- Working temperature range -22° F/-30° C to 176° F/80° C (except 6880EB)

Applications

- Industrial applications
- Handling bulk materials
- Spill clean-up
- Collection vehicles
- Agriculture and landscaping
- Farm/ranch
- Railroad industry

Small Industrial One-Piece Shovel 6981RG

Regrind
Industrial Shovels

Brand	Material	Dimensions	FDA Compliant
