

Industrial Clip Shelving – Quick Reference

Republic Industrial Clip Shelving offers complete storage solutions for everything from basic backroom storage to integrated warehouse applications.

- 1 Angle or Beaded Posts** formed from heavy 14 gauge steel support units.
- 2 Full Height Dividers** create bins within a shelving unit.
- 3 Series 2000 Shelves** with box beam construction and widths up to 60" meet high capacity storage needs
- 4 Open Flange Shelves** offer economical, general purpose storage.
- 5 Compression Clips** attach to posts and support shelves.
- 6 Full Length Label Holders** identify items stored on shelves
- 7 Shelf Boxes** offer convenient storage of small or loose parts.
- 8 Angle and Sliding Dividers** subdivide shelf spaces for small parts storage.
- 9 Welded Upright Assemblies** are used to build closed units and reduce installation costs.
- 10 Modular Drawers** in 24" depth provides organized, clean and secure storage for valuable parts.
- 11 Ledge and Counter Tops** extend storage and create work areas.
- 12 Bin Fronts** keep small packages and parts contained on the shelf.
- 13 Front and End Bases** close the bottom of the unit below the shelf.
- 14 Swinging Doors** provide lockable and clean storage.

Basic systems are configured from posts, shelves and compression clips and are enhanced with bins, boxes, dividers and drawers to maximize available space and create efficient storage solutions.
