

Lobby Pro® Dust Pans and Broom

A range of pans and a matching broom for cleaning in any environment.

- Hand held Dust Pan with ergonomic design FG200500.
- Dust Pans with handle perfect for spot cleaning without bending, for use with lobby brooms.
- Durable rear wheels improve wear resistance.
- FG253200 Self-opening and closing lid conceals unsightly dirt and debris.
- FG253300 Lobby Pro Deluxe features same benefits as FG253200 plus an ergonomic and adjustable handle grip that enhances user comfort.
- FG637400 Lobby Dust Pan Broom perfect for hard-to-reach corners (vinyl coated metal handle).
- FG253500 Optional hanger bracket allows for easy pan and broom transport and storage.

Lobby Pro® Wet/Dry Spill Pan

Offers users the ability to clean any type of spill, solid, liquid or a combination of both, without having to bend over or touch the spillage.

- The 2 l capacity smooth-skin Spill Pan has a wide sloping front end over which spills are transported into the pan using the Cleaning Wand.
- Beyond the peak of the slope is a drop-off that will not allow liquids to find their way back onto the floor surface.
- The front of pan area also includes a recessed and replaceable rubber blade that contours itself to uneven floor surfaces to help ensure that liquids will not find their way under the pan.
- Spill Pan includes a convenient indented foot rest that allows the pan to be held firmly in place.
- The Cleaning Wand allows users to quickly and effectively transport liquid or mixed spills from smooth or rough surface floors into the Spill Pan.
- The Cleaning Wand blade is made of a soft double moss squeegee foam and is supported by a galvanised metal frame.
- It also includes a 116.8 cm metal handle for wide area spill cleaning without bending over.
