

B30 & B33 Series Materials

BradyID.com/s35

3 Reasons Why Brady Is The Leader in Labeling

Easy "Drop-In" Labels & Ribbons

- Removes guesswork & never upside down
- Changeovers in 20-seconds saves you time
- No complicated threading or wrapping around printheads or spindles

Smart Chip Auto Populates:

- Label Size
- Label Color
- Pre-Printed Headers

The Printer Knows What You Loaded

- Printer reads smart chip on label rolls and ribbons loaded
- Automatically sets size and color in the printer and software
- No need to manually enter dimensions or scroll through endless screens to find your size

Labels That Last

- Brady labels are reliable and durable because we design them in-house, then rigorously test them
- Nothing leaves our doors without meeting our high standards
- Some last up to 10 years outdoors; stick to rough surfaces or smooth; dirty surfaces or clean; in harsh conditions or normal conditions. With reliability like that, you'll only need to make these labels once

B30 & B33 Series Material Supplies

Specifically designed for use in the
BBP®30, BBP®31, BBP®33, BBP®35 and BBP®37 Printers.

The following pages contain label materials that have been specifically designed to use with several Brady Printers. Look for printer compatibility within each table to ensure you find the labels compatible for your application and printer combination.

BBP37 Cutter Compatibility

Label materials with a Scissors Icon can be used with the BBP37 Printer's XY-Plotter Cutter to cut out shapes and text 0.75" or taller.

Pre-Printed GHS / CLP Chemical Labels (B-7569)

- Blank labels with pre-printed red diamonds allow the printer to produce 2-color GHS / CLP labels in one print pass
- 3 sizes of labels, each with 6 diamond layouts that match templates in the printer app (if applicable) or in the Brady Workstation GHS App
- Indoor/outdoor vinyl material and durable inks withstand exposure to moisture, chemicals and handling
- You can also make GHS labels with white tape and black/red ribbon to reduce your supply inventory (BBP35/37 only)

Service Temp: -4°F to 180°F Application Temp: 50°F to 180°F
Average Outdoor Durability: 3-5 years

Fits Printer Model(s)	Catalog #	B#	Material	Legend	Label Height Inch (mm)	Label Width Inch (mm)	Labels Per Row	Labels Per Roll	Rec. Ribbon

▶ Brady WorkStation GHS Label App

- Built-in pre-formatted label layouts and approved GHS symbols
- Pre-worded hazard statements and GHS symbols that just click and drag into the layout (no need to type everything in)
- Once you create a label, the data is there and you can print any size
- Automatic "block-out" of unused diamonds on pre-printed supplies so you can inventory fewer label rolls
- No driver needed when connected to a Brady printer

See page 448 for more information.
