

Electrical

[Us] rated supply voltage	24 V AC/DC
---------------------------	------------

Product identification

Accessory / separate part category	Lighting accessories
Accessory / separate part designation	Protected LED
Accessory / separate part type	LED
Sale per indivisible quantity	1

Usage / Application

Accessory / separate part destination	Beacon and indicator bank
---------------------------------------	---------------------------

Functional

Bulb base	BA 15d
-----------	--------

Physical characteristics

Product weight	0,015 kg
Signalling colour	White

Compatibility

Range compatibility	Harmony XVB Harmony XVD Harmony XVP
---------------------	-------------------------------------------

Complementary description

Range ID	644 645 758
RoHS EUR conformity date	0601
RoHS EUR status	Compliant
Former Brand	Telemecanique

Main characteristics

Common description	White LED bulb for signalling - BA 15d - 24 V
Commercial Reference	DL1BDB1
EAN Number	3389110117882
Product GDP Code	5118
Short description	LED CLUSTER 24V WHITE

Brand	Telemecanique
Current cross distribution chain status	08 - Commercialised

Logistic

Business material type	Referenced Product
Minimum sales order quantity	1
Basic packaging quantity	1

Pricing

Reference price	0,00
Price per	0
Price unit	ST - Piece

Management information

Creation date	19/02/2007
First global validation date	28/05/2009
GMR last update date	03/06/2009
Product part number	DL1BDB1
Project reference	DL1BDB1
Effect. date next global CDC	02/10/2007
Last update date	27/08/2009
Released for	All
