COMPANY HISTORY

The Stanley Works New Britain, CT in 1843 As a young man in 1843, Frederick T. Stanley founded The Stanley Works – a small company located in New Britain, Connecticut that manufactured hinges, bolts and other door hardware in a one-story wooden building.

Mr. Stanley's vision was to create a hardware company with unsurpassed customer service, product innovation and integrity – and to offer products that would become the first choice among professionals around the world.

With the early success of this mission and an increasing demand for his high-quality goods, Mr. Stanley began exporting his products in the 1870s.

Today, Stanley is a global organization supplying hardware and tools for the architectural, consumer, industrial and residential markets worldwide. Utilizing state-of-the-art research, manufacturing and quality-control capabilities, Stanley continues to deliver the innovative, high quality products that have made the Stanley name synonymous with the highest craftsmanship and dependability for more than 165 years.

To our valued customers, we appreciate your loyalty over the years and proudly present our Architectural Hardware offering.

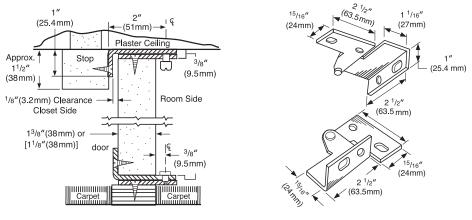

Commercial Customer Service: 1-800-337-4393 www.stanleyhardware.com

Wardrobe Pivots

340 - (ANSI A8753) - Standary duty - steel - plated or prime coated finishes

- For flush, recessed or overlay doors 1¹/₈" (28.6mm) to 1³/₈" (35mm) thick not exceeding 75 lbs. (34 Kg)
- Only pivot of its type suitable for floor-to-celing doors
- · Clean appearance, only hinge pivot shows when door is closed
- Door can be opened 180°
- Elongated screw holes make alignment simple
- Separable leaves of the top assembly permit fast installation
- Bushing at the pivot point assure smooth, silent operation

Right hand illustated
