Stanley 900 3 Light Strap Hinge No Screws # S140-300, Zinc Plated

Description

Stanley 900 3 Light Strap Hinge No Screws # S140-300, Zinc Plated

The name Stanley Hardware is associated with the excellent hardware products available globally. The beginning of Stanley in the year 1843 has proved to offer the most amazing products for the architectural hardware industry then and now. Typically, Stanley products are known for their performance, perfection, availability, and immense integrity. Stanley has created a new dimension in the architectural hardware industry with the products like first hinge hasp, first crate hinges, first hinge with reinforced joint, first blind hinge, and in 1899, first patent for ball bearing hinge. This versatility is also observed in their product range where you can find an amazing collection of various hinges like mortise hinge, ball bearing hinge, and electrified hinges. All the Stanley products are made from the excellence of designing and the best of the engineering. The precision manufacturing at the top-notch facilities ensure that you get the right product at the right price. The World of Stanley Hardware is full of variety of options and all you need to do is pick the right set of products for your project. Stanley understands how important your project is and has a perfect solution for you.
