

**“Yankee” Spring-Type
Calipers and Dividers
with flat legs and
quick-spring or solid nut**

Nos. 73, 79, 83 Series
4, 6, 8, 12” (100, 150, 200, 300mm)

Starrett “Yankee” Calipers and Dividers are made from a high-grade steel and well-finished. The legs are made of flat stock and are very durable. The fulcrum stud is hardened and has a smooth bearing surface. The bow spring, although flexible, is exceedingly strong to assure reliability.

All sizes are available with either spring nut or solid nut. The Starrett quick-adjusting automatic-closing spring nut is designed for making fast, positive adjustments. The threads of the nut firmly engage the screw at the slightest pressure from the leg. When the pressure is withdrawn, the nut automatically releases itself, sliding freely over the screw. This feature saves time in opening and closing.

**Quick-adjusting
spring nut
makes fast,
accurate
settings.**

Left to right: No. 73B-6 Inside Caliper, No. 79A-6 Outside Caliper and No. 83A-6 Divider.
