

North America's Best-in-Class Electrical Elbows, Couplings & Nipples

for more than 135 years.

Established in 1877, Wheatland Tube is the longest-running producer of steel conduit and the only conduit manufacturer that also produces its own elbows, couplings and nipples. We've been a key figure in the heritage of American manufacturing—and it shows. Today you can find Wheatland's American-made products everywhere you look, across the country and beyond.

Buy American with confidence

Made & Melted in America, Wheatland's steel EC&N satisfy the strictest American Made, Made in America and Buy American legislation. Offering superior physical protection for electrical conductors, Wheatland is your single source for all EC&N in North America.

The best people, tooling and equipment

At Wheatland, our people are our greatest asset. Our facility in Cambridge, Ohio, is staffed by a strong team of operating and engineering professionals, and leverages the latest technology to deliver superior products to every customer, every time.

As we continue to grow, we continue to invest in our facilities, systems and people, and focus on developing innovative solutions that keep our customers' jobs moving forward.

Quality in every piece

Getting it right time and time again is no accident—it's in our DNA. Wheatland elbows and nipples are produced in-house with our specialized hot-dip and in-line galvanizing processes, and our couplings are electroplated. Our products set the quality benchmark for the industry

Our aluminum EC&N are produced in the same Cambridge, Ohio, facility, to ensure it measures up to the same quality standards our steel products are known for across North America.

The strength to deliver

We take great pride in serving our customers' needs. No job is too big for us to handle—and delivering on time is standard practice, whether it's standard EC&N or special (C&D) items.

Wheatland products are listed to Underwriters Laboratories and Canadian Standards Association.

Tested and Certified for Safety
Our galvanized steel rigid elbows, couplings & nipples comply with the following standard: CSA C22.2 No. 45.1-07, to which it is Certified.

Tested and Listed for Safety
Our galvanized steel rigid elbows, couplings & nipples comply with the following standards: ANSI C80.1, federal specification WW-C-581 class 1 type A and UL 6, to which it is Listed.

Aluminum Rigid Conduit

COUPLINGS

TRADE SIZE	OUTSIDE DIAMETER	LENGTH*	WEIGHT*		STANDARD CARTON QTY.
