## Compound

JacksonLea offers the highest quality Compounds that undergo stringent quality control testing resulting in maximum performance.
Our standard bar compound offering is selected to offer a wide variety of our best selling compounds for most of the market needs.

Steel and Stainless Steel natural properties require special abrasive and grease combinations to achieve the desired finish without adding scratches to the metal. Ideal when used with BR Airway buffs.

Compounds recommended for aluminum also have a special abrasive and grease combination developed for buffing aluminum castings and extrusions. These products can help eliminate drag lines and produce the desired finish. Ideal when used with Airway buffs, HY for cut and color, and BR for just color.
Copper and Brass compounds are used to provide a very high luster with minimum metal removal. The compounds are designed to be used in small amounts and run dry. Ideal when used with Airway buffs.

| Color | Description | Bar Size | Case Oty | Part <br> Number | Price |
| :---: | :---: | :---: | :---: | :---: | :---: |
| White SS51 | Color aluminum, steel, stainless, natural stone | Mini 1 " x .75" x 5" | 12 | 47340 | \$4.93 |
|  |  | Standard $1.5^{\prime \prime} \times 1.25^{\prime \prime} \times 6.25^{\prime \prime}$ |  | 47332 | \$7.00 |
|  |  | Grande 2" x 2" x 9" |  | 47346 | \$12.60 |
| $\begin{aligned} & \text { Red } \\ & 3130 \end{aligned}$ | Ultra color brass, copper, and gold | Mini $1^{\prime \prime} \times .75{ }^{\prime \prime} \times{ }^{\prime \prime}$ | 12 | 47343 | \$9.33 |
|  |  | Standard 1.5 " $\times 1.25$ " $\times 6.25$ " |  | 47329 | \$13.27 |
|  |  | Grande 2 " $\times 2$ " $\times$ 9" |  | 47349 | \$24.07 |
| $\begin{aligned} & \text { Gray } \\ & \text { A-16 } \end{aligned}$ | Cut steel and stainless steel | Mini $1^{\prime \prime} \times .75{ }^{\prime \prime} \times{ }^{\prime \prime}$ | 12 | 47341 | \$4.76 |
|  |  | Standard 1.5 " $\times 1.25$ " $\times 6.25$ " |  | 47339 | \$6.40 |
|  |  | Grande 2" x 2" x 9" |  | 47347 | \$10.53 |
| $\begin{gathered} \text { Brown } \\ \text { T-312 } \end{gathered}$ | Cut brass and aluminum | Mini $1^{\prime \prime} \times .75{ }^{\prime \prime} \times 5$ " | 12 | 47345 | \$4.58 |
|  |  | Standard 1.5 " $\times 1.25$ " $\times 6.25$ " |  | 47326 | \$5.60 |
|  |  | Grande 2 " $\times 2$ " $\times 9$ " |  | 47351 | \$9.13 |
| Green C-3 | Premium color aluminum, steel, and stainless steel | Mini 1 " x .75" x 5" | 12 | 47342 | \$8.60 |
|  |  | Standard 1.5 " $\times 1.25$ " $\times 6.25$ " |  | 47337 | \$11.27 |
|  |  | Grande 2" x 2" x 9" |  | 47348 | \$21.53 |
| $\begin{aligned} & \text { Yellow } \\ & \text { C3776 } \end{aligned}$ | Cut and color steel, stainless steel, and aluminum | Mini 1" x .75" x 5" | 12 | 47344 | \$4.93 |
|  |  | Standard 1.5" $\times 1.25$ " $\times 6.25$ " |  | 47338 | \$6.00 |
|  |  | Grande 2" x 2" x 9" |  | 47350 | \$12.13 |
