

# HONEYWELL SALISBURY ELECTRIGRIP™ DIELECTRIC BOOTS

Combination work and dielectric boots for primary protection against step potential, engineered to provide remarkable comfort and performance.

## ELECTRIGRIP™ STANDARD BOOTS

## ELECTRIGRIP™ THERMAL BOOTS

- Includes a thicker lining to keep feet warm and protected in cold and wet conditions.
- Flexible rubber outsole combined with omni-directional hexagons that provide an aggressive grip in slick areas for superb traction on wet or icy metal surfaces.

# NEW HONEYWELL SALISBURY® ELECTRIGRIP™ FEATURES

## RFID TAG

Every boot is supplied with an RFID tag which is marked with a unique serial number. RFID tags allow for easy and efficient recording of assets, as well as the tracking of usage and compliance with testing requirements.

## REFLECTIVE STRIPE

provides enhanced visibility for added user safety.

## HEEL KICK-OFF LEDGE

for easy removal.

## RAISED HEEL

with ladder grips for additional traction and stability.

## INTEGRATED SHANK

Wide supportive fiberglass shank distributes body weight evenly and reduces stress on back, legs, and feet.

## QUICK DRYING SBR FOAM

lining that is lightweight and helps feet stay dry and healthy.

## EXCEPTIONAL OUTSOLE TRACTION

designed to shed mud and debris and prevent slips and falls on uneven ground, loose sand and dirt, wet grass, and slick mud.

## PULL-ON HANDLES

for quick donning.

## HIGH-VIS COLOR

for quick recognition and added visibility.

## HAND LAYERED PREMIUM VULCANIZED RUBBER

## BUILT-IN COMPOSITE SAFETY TOE CAP

## PUNCTURE RESISTANT SOLE

reduces the possibility of damage or injury from nails, sharp metal, or other objects that could penetrate the sole.

## SIZES:

- 15" Height
- Whole sizes, 5-16

## CERTIFIED:

- ASTM F2413-18 (M I/75 C/75 PR)
- ASTM F1117 – full boot tested to 20 kV
- CSA Z195-14 (R2019) compliant
- ASTM F2621 Arc Flash tested to 40 cal/cm2

## REPLACEABLE INSOLES

With arch support to help reduce fatigue and a shock absorbing heel pad, the replaceable insoles provide both cushioning and stability. With engineered high heat and cold resistance, users will appreciate the comfort provided in the toughest weather conditions.
